

Teacher of the Year

Mrs. Jody Quinn

These are just a few of the excerpts from her nomination:

Every day, week, month, and year, Jody creates and implements stellar lessons that are engaging.

She knows how to challenge every student to do his/her best.

I am a better teacher because of what I learned from her.

Jody is the best teacher I have ever worked with!

Always enthusiastic when interacting with her students.

Makes her classroom fun and exciting.

Willing to lend a hand to help make things easier for others.

Her priority is always about what is best for the students.

We are so lucky to have her teaching at NHRMS!
